Preparing Your Home for the Rainy Season

Clear Gutters:

Clogged ones can cause rainwater to back up and damage your roof and house

Inspect the roof: Look for loose or damaged shingles
Check for Signs of Leakage:

Catch any leaks early on otherwise it can result in flooding, mold or mildew

Seal Windows and Doors:

Even the tiniest gap can allow water into your home

Trim Trees and Bushes:

Eliminate all branches that can be weighed down or strike your house

Get Basement Inspected:

Make sure there are no issues that can cause flooding

Outdoor Living

Enjoy fresh air living and entertaining at home by adding a deck, porch, or patio to your backyard.

With spring and summer approaching, the heart of entertaining is going to be centered around your backyard. Having an outdoor space that allows friends and family to gather for food and drinks will be the highlight of your summer! Get cooking by adding an outdoor kitchen area with plenty of room to grill. Get cozy by adding comfortable seating alongside a warm and toasty fire pit. **Let Nordine Remodeling LLC help you create the perfect outdoor entertaining space.**

Customer Testimonial "Spotlight"

"Quick, Courteous, and Efficient"

Workers were courteous, friendly, and took time to answer questions. They cleaned up after themselves and worked efficiently. Nordine has done great work for us in the past but what we appreciated foremost was George coming beforehand to discuss our problem and the solution. I would definitely recommend this business to others.
